Milky Rice Tonic

Technical Data

- Appearance: white liquid
- pH value: 6.5 – 7.0

Formulation Stability

Successfully passed internal stress test (3 months at 5 °C, 25 °C and 40 °C)

Microbiological Stability

Successfully passed microbial challenge test (ISO 11930:2019-04)

Lipoid Kosmetik Products

- Rice/ Almond Oil Herbamilk® Eco (Art. 410300.496.2)
- Acacia Collagen Powder (Art. 150153.00.2)

Formulation Insights

Appearance/ Aim

- A vegan face tonic with a milk-like appearance. Concept with plant-based milk to attend the vegan and health-conscious trend in cosmetics.

Ingredients

- **Rice/Almond Oil Herbamilk® Eco** is a vegan milk imitate for cosmetic use to address the self- and eco-conscious consumer. The all-natural o/w emulsion unites plant oils and plant extracts with the aid of hydrogenated phospholipids. It is particularly valuable for aqueous products, where a milky appearance is desired. Depending on the concentration, different opacity levels can be achieved. Each type of plant-derived milk alternative and creates distinct connotations and expectations. Rice is considered the least allergenic and is well-known for reducing oiliness on skin. Please request our product flyer for further information.
- **Acacia Collagen Powder** perfectly complements the vegan trend. It is a natural gum from the acacia tree, also known as acacia gum. It is a preservative-free powder consisting of polymeric carbohydrates. It is largely used for its texture enhancing properties (e.g., reducing unpleasant tackiness of creams and lotions).

Characteristics

- Minimalistic, vegan formula without animal derived ingredients, PEGs and silicones.
- Milk-like appearance
- Focus on the value of plant-derived ingredients

Benefits

- Combining two trends in one formulation: vegan skin care and a plant-based alternative milk product
- A refreshing and non-oily treat with no tack
- Care and nurture for demanding skin
- Ideal match for an eco-friendly lifestyle
