Ultra-concentrated mask stick with PORETECT™ (*) and WONDERLIGHT™ (**)

(*) Patent N° FR 3 077 202; WO 2019/149450

(**) Patent N° FR 2 937 247; WO 2010/044076

This ultra-concentrated mask stick with **PoreTect™** and **Wonderlight™** is a perfect waterless product to take wherever you go. **PoreTect™**, an oil soluble eco-designed active ingredient, counteracts the age-related pore sagging phenomenon for a refined skin texture while **Wonderlight™** helps decrease hyperpigmentation accentuated by age and stress to lighten and illuminate the skin. **Green clay ER** adds a touch of purity. It is well combined with **Phytolea™ Cranberry EC**, a plant with moisturising and soothing properties. **Syncrowax™ SB1** and **Crodacol™ C90** are used to structure and hold the hardness of the stick while **Span™ 60** and **Arlacel™ LC** allow stabilisation. This “free-from” formula and its ingredients follow the 12 Principles of Green Chemistry and has a **natural origin content of 99.90%*** according to the ISO 16128-1 and ISO 16128-2 standards.
