C.3	Aqua, Glycerin, Vaccinium Vitis-Idaea Fruit Extract, Xanthan Gum, Sodium Benzoate, Citric Acid, Gluconolactone, Calcium Gluconate	Lingostem™	Provital	1.00
TOTAL				100.00

PROCEDURE

1. In a clean beaker, weigh A.1 to 80°C.
2. Then add to batch premix of ingredients A.2 to A.4 and stir until uniform using a dispersing blade.
3. Then add A.5 to batch.
4. In another beaker, prepare phase B mixing and heating the ingredients up to 80°C.
5. Add slowly with high speed stirring phase B into phase A.
6. Cool down under stirring until 75°C for adding ingredients of phase C one by one.
7. Then fill the molds and leave them still until the product becomes solid.

CONTROL

Appearance: Solid white half spheres.
pH (1% aq sol): 6,5-7,5
Stability Test: 3 months at 50°C, 40°C and RT.

DIRECTIONS

On the go, at home, in the office, take out a sphere out of the jar, and rub it into your hands until they are perfectly moisturized and protected.

TARGET

All skin types.

NATURAL ORIGIN CONTENT (ISO 16128)
