## Formulation Insights

### Appearance/ Aim

A thick, paste-like and off-white cream with a rich consistency, but a quick absorption by your skin. The formulation showcases two innovative ingredients that enrich night-time cosmetics to accompany consumers into a relaxing and regenerating beauty sleep:

### Ingredients

- **Mountain Tea Pro**, our night-time remedy for skin recovery, is based on Greek mountain tea herb from a traceable, organic source. The COSMOS-certified and efficacy-proven extract provides caffeine-free beauty sleep support by protecting against oxidative stress and supporting skin recovery overnight. It is the ideal companion for a de-stressing night-time beauty ritual that combines tea-inspired protection with skin regeneration and recovery. Please request our product flyer for further information.
- **HerbaProtect® NOX**, the night-time sun care active. New discoveries indicate that the skin stress mediated by sunlight continues for hours after the skin has been exposed to UV irradiation; it continues even at night-time. The COSMOS-approved sun care and anti-aging active HerbaProtect® NOX counteracts such delayed sun-induced skin damage and premature aging. Please request our product flyer for further information.

### Characteristics

- w/o emulsion with a rich feel and a quick absorption
- Derived from ethically sourced, organic Greek mountain tea herb; fully traceable to the farmer
- Tea-inspired protection but free from stimulating, energizing compounds
- Formulated without PEGs and silicones

### Benefits

- Tea-infused or tea-ritual inspired night care
- Relaxing night-time sun care
- De-stressing night repair and night regeneration
- Recovering beauty sleep
- Overnight restoration of the skin's antioxidant potential
- Overnight regeneration of the skin's intrinsic oxidative stress defense system
