A	Aqua/Water	Up to 100 %
B	PROTEOL™ APL EF	5.00 %
	FLUIDIPURE™ 8G	2.50 %
	Phenoxyethanol -	0.80 %
	Ethylhexylglycerin	
	Fragrance	0.10 %
C	EQUIBIOME™	1.00 %
D	Lactic Acid	Up to pH

Transparent Solution, White Foam / Packaging: Self-foaming Pump

pH: 5.5 - 6.0

VISCOSITIES: 1M at RT: < 50 mPa.s Brookfield LV4-6 /

Recovery at RT (after 1M at 45°C): < 50 mPa.s Brookfield LV4-6.

STABILITY: 1M at RT & 45°C.

FORMULATION ADVICES: Laboratory scale - 6 kg - Becomix

Weight water. In a separated beaker, weight phase B ingredient and add it to the tank under stirring. Add EQUIBIOME™ under stirring. Adjust pH with lactic acid until 5.5-6.0.

**COLD
PROCESS**

**6 ingredients & 10 INCI names
for this skin balance respectful foam cleanser!**

A comfortable foam to clean & get rid of pollution!

PROTEOL™ APL EF forms a rich & dense foam which cleanses softly the skin. Anionic surfactant inspired by apple, **PROTEOL™ APL EF** respects your skin & the environment by attracting impurities of the day (make-up, pollution, ...). (Sodium Cocoyl Apple Amino Acids)

Fruit surfactant, derived from essential amino-acids present in apple juice, for a **gentle approach: unctuous foam, extremely mild** to the skin & the eyes, and also **respectful of the environment**.

EQUIBIOME™ preserves the skin balance. **FLUIDIPURE™ 8G** participates to the formula's preservation & to the cutaneous flora respect.

EQUIBIOME™ (Propylene Glycol - Arctium Lappa Root Extract)

Extracted from the roots of the famous Great Burdock (*Arctium lappa*), this active ingredient **maintains the delicate skin-microbiota equilibrium**, for a **perfect & harmonious skin**. It has shown **powerful soothing properties & reinforces skin barrier**. Tested *in-vivo* & *in-vitro*,

FLUIDIPURE™ 8G (Hexylene Glycol - Capryloyl Glycine - Xylitylglycoside):

Glycine & sugar biovector. It helps to **decrease irritation as well as body odor**, and **restores the skin's acidic mantle**. It **reduces microbial proliferation of cosmetic formulations** while preserving natural skin microbiota. It is thus the **perfect match for sensitive skin**.

ADDITIONAL INGREDIENTS: Phenoxyethanol - Ethylhexylglycerin: EUXYL PE 9010 (SCHÜLKE & MAYR) / Fragrance: PARFUM NEUTROPHILE (EXPRESSIONS PARFUMÉES).
