

# Flawless face lotion

SC-FR-23-BC-50967-02

Introducing our groundbreaking skin-perfecting cream for blemish-prone skin.

Join the global frenzy surrounding beauty filters and embrace the trend with confidence. No longer do you have to rely on digital enhancements – now, you can experience that flawless look in real life. Get ready to captivate everyone with your picture-perfect skin.

This lightweight emulsion contains Epispot, the secret to your skin's transformation. Say goodbye to imperfections and hello to a radiant, blemish-free complexion.

| Phase | Ingredients                     | INCI   | % by weight | Function          |
|-------|---------------------------------|--|-------------|-------------------|
| A     | Cetiol® LC                      | Coco-Caprylate/Caprata   | 5.00        | Emollient         |
|       | Cetiol® C 5C                    | Coco-Caprylate/Caprata   | 1.30        | Emollient         |
|       | Emulgade® PL 68/50              | Cetearyl Glucoside, Cetearyl Alcohol                           | 2.50        | Emulsion base     |
|       | Lanette® O                      | Cetearyl Alcohol   | 3.00        | Consistency agent |
|       | Cetiol® MM                      | Myristyl Myristate   | 2.00        | Emollient         |
|       | Cegesoft® HF 62                 | Hydrogenated Vegetable Oil                                     | 1.00        | Emollient         |
|       | Eumulgin® SG                    | Sodium Stearoyl Glutamate                                      | 0.10        | Emulsifier (O/W)  |
| B     | Water, demin.                   | Aqua   | 78.24       |                   |
| C     | Glycerin                        | Glycerin   | 3.00        | Humectant         |
|       | Verdessence™ Tara               | Caesalpinia Spinosa Gum  | 0.50        | Rheology modifier |
| D     | Preservative                    |  | qs          | Preservative      |
| E     | Water, demin.                   | Aqua   | 3.00        |                   |
|       | Epispot™ BC10208                | Maltodextrin, Epilobium angustifolium flower/leaf/stem extract | 0.20        | Active ingredient |
| F     | Sodium Hydroxide (18% solution) | Sodium Hydroxide   | 0.16        | pH Adjustment     |

## Specifications

pH value (23°C) 5.4

Viscosity (Brookfield; DV-1+; spindle TD, Helipath; 5 rpm; 23°C) 35000 - 40 000 mPa s

## Performance

Additional performance has not been evaluated

# Flawless face lotion

SC-FR-23-BC-50967-02

## Manufacturing Process

Heat separately phase A and phase B to 80-85°C.  
Add phase B to phase A while stirring.  
Allow the emulsion to cool while stirring.  
Homogenize at approx. 55°C with a suitable dispersion unit (e.g. Ultra Turrax).  
Cool to 40°C and add phase C.  
When homogeneous and thickened, add phases D and E.  
Adjust the pH value to pH 5-5.5 with phase F.
