## ALCHEMY OF OPULENCE

C.SK.24.70HPC

### Description

A very rich cream to deliver deep hydration and to restore balance when it's needed the most. A specific buttery texture that offers intense emolliency to the most chapped areas together with a non-greasy touch, providing deep nourishment without weighing down the skin.

### Claims & Key Points

- Deep nourishing
- For very dry skin
- Restoring treatment
- Soothing after feel

### Hero Product

**BeauSens® E-SF** is a natural primary emulsifier from European renewable resources designed with excellent performances in formulating stable O/W emulsions. It is able to incorporate oil-phase in ratio 1:6 and to increase viscosity of the emulsions in a dose-depending manner.
